EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

The application has been amended as follows:

IN THE SPECIFICATION:

Page 2, after line 18, --Figure 2A is an alternate embodiment of the second side of the scaffold member join.— has been inserted.

The following is an examiner's statement of reasons for allowance: the primary reason for allowance is the inclusion of the three sides forming the channel, the first side having the scaffold receiving clamp, the channel adapted to receive a horizontal scaffold member, and the top side having a vertical stub opposed from the channel adapted to connect to a vertical scaffold member. The prior art of record fails to teach or suggest the claimed features absent the applicant's own disclosure. See claim 1.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
